02 - 05 October 2023

The latest **Abu Dhabi International Petroleum Exhibition and Conference (ADIPEC)** will take place from 2 to 5 October 2023.

In the run-up to COP28, scheduled to take place in the United Arab Emirates in November 2023, **ADIPEC 2023** provides an opportunity to discuss the challenges of energy and ecological transition with over 1,500 speakers, researchers, energy experts, business leaders and politicians from all over the world.

Visit the France Pavilion (booth 9332) to find out more about IFPEN's solutions for competitive renewable energies, minimizing the climate impact of industrial activities, and reducing the environmental impact of fossil fuel production.

Axens and Beicip-Franlab will also be showcasing their solutions.
