FUTURE OF ROAD MOBILITY 2023

IFPEN looks forward to seeing you at the next

FORM (Future Of Road Mobility) forum EARPA in Brussels on 18 October 2023.

Founded in 2002, **EARPA** (European Automotive Research Partners Association) is a European association of leading mobility research and development organizations. EARPA has 56 members, including the **Carnot institute IFPEN Transports Energie**.

Theme of the fourth forum: Transitioning Road Mobility - towards resilience and circularity in a digital

world.

Come and discover the solutions devised by researchers at IFPEN and its **Carnot Transports Energie** to drive innovation in these fields:

- hydrogen mobility,
- electric vehicles and batteries,
- connectivity and digitalization.

Find out more about the **Melchior** project, led by teams from Carnot IFPEN Transports Energie and CEA-Liten, to develop a recyclable electric motor. The key innovation: powder injection molding to manufacture the permanent magnets.
