Renewable energies | Wind Energy

08 - 10 April 2025

From April 8 to 10, 2025, Copenhagen will host the **Wind Europe 2025** trade show dedicated to wind energy.
.
Numerous speakers are expected to share their vision of this rapidly developing sector.

IFPEN and its subsidiary GreenWITS will be present and will hold a joint booth to showcase the results of two decades of research serving the industry.

Find us at booth C3-A50

At the show, GreenWITS will launch the OptiWits software, which optimizes the production of a farm's wind turbines by orienting them according to the wind.

Did you know?

IFPEN's offering is structured around seven areas:

- Aerodynamics modelling including wind turbinesWake
- Wind reconstruction by Lidar
- Design of offshore wind turbines foundation
- Submarine electrical cable and mooring ropes engineering
- Wave prediction
- Wind farm control by wake steering
- Digital solutions for O&M optimization

GreenWITS' offering covers four areas :

- Wind farm design
- Turbine and foundation engineering
- Digital monitoring (Performance & SHM)
- Wind farm monitoring
