Events

- Innovation and Industry
- Renewable energies
- Bio-based chemistry

20 - 21 May 2025

On May 20 and 21, IFP Energies nouvelles will be taking part in Paris-Saclay SPRING, Europe's leading innovation event. This not-to-be-missed event will bring together companies, start-ups, researchers and investors for conferences, workshops, technology demonstrations and R&D site visits.

Join IFPEN at the Greentech Village (stand GT03), a space dedicated to exchanges with start-ups and SMEs committed to the energy and environmental transition.

Benjamin Herzhaft, deputy managing director in charge of research and training at IFPEN, will be taking part in a round-table discussion on “The bio-revolution: how fermentation is redefining tomorrow's industry” on May 20 at 11:15 a.m. on the Mainstage.
