Training and Careers

Following a successful 2018 edition, **the international conference organised by IFP School on direct-injection two-stroke engines will be held once more on 13 and 14 February 2020**. Registrations are still open.

Visit the event's special website to get all the useful information!

This year, the conference will cover **all 2-stroke technologies and techniques, from small handheld tools to large marine engines, drones, off-road and recreational vehicles, range extenders for electric vehicles, automotive applications and commercial vehicles.**

> Final Program
